RL 7.01 Authority and intent. (1) The rules in this chapter are adopted pursuant to authority in ss. 15.08 (5) (b), 51.30, 146.82, 227.11, and 440.03, Stats.

(2) The intent of the department in adopting rules in this chapter is to protect the public from credential holders who are impaired by reason of their abuse of alcohol or other drugs. This goal will be advanced by providing an option to the formal disciplinary process for qualified credential holders committed to their own recovery. This procedure is intended to apply when allegations are made that a credential holder has practiced a profession while impaired by alcohol or other drugs or when a credential holder contacts the department and requests to participate in the procedure. It is not intended to apply in situations where allegations exist that a credential holder has committed violations of law, other than practice while impaired by alcohol or other drugs, which are substantial. The procedure may then be utilized in selected cases to promote early identification of chemically dependent professionals and encourage their rehabilitation. Finally, the department's procedure does not seek to diminish the prosecution of serious violations but rather it attempts to address the problem of alcohol and other drug abuse within the enforcement jurisdiction of the department.

(3) In administering this program, the department intends to encourage board members to share professional expertise so that all boards in the department have access to a range of professional expertise to handle problems involving impaired professionals.

History: Cr. Register, January, 1991, No. 421, eff. 2-1-91; am. (1), Register, July, 1996, No. 487, eff. 8-1-96.

(2a) "Coordinator" means a department employee who coordinates the impaired professionals procedure.

(3) "Department" means the department of regulation and licensing.

(4) "Division" means the division of enforcement in the department.

(7) "Procedure" means the impaired professionals procedure.

History: Cr. Register, January, 1991, No. 421, eff. 2-1-91; am. (1), (2), (5), cr. (2a), (2b), r. (6), Register, July, 1996, No. 487, eff. 8-1-96.

RL 7.03 Referral to and eligibility for the procedure.

(1) All informal complaints involving allegations of impairment due to alcohol or chemical dependency shall be screened and investigated pursuant to s. RL 2.035. After investigation, informal complaints involving impairment may be referred to the procedure and considered for eligibility as an alternative to formal disciplinary proceedings under ch. RL 2.

(2) A credential holder who has been referred to the procedure and considered for eligibility shall be provided with an application for participation, a summary of the investigative results in the form of a draft statement of conduct to be used as a basis for the statement of conduct under s. RL 7.05 (1) (a), and a written explanation of the credential holder's options for resolution of the matter through participation in the procedure or through the formal disciplinary process pursuant to ch. RL 2.

(3) Eligibility for the procedure shall be determined by the board liaison and coordinator who shall review all relevant materials including investigative results and the credential holder's application for participation. Eligibility shall be determined upon criteria developed by each credentialing authority which shall include at a minimum the credential holder's past or pending criminal, disciplinary or malpractice record, the circumstances of the credential holder's referral to the department, the seriousness of other alleged violations and the credential holder's prognosis for recovery. The decision on eligibility shall be consistent with the purposes of these procedures as described in s. RL 7.01 (2). The board liaison shall have responsibility to make the determination of eligibility for the procedure.

(4) Prior to the signing of an agreement for participation the credential holder shall obtain a comprehensive assessment for chemical dependency from a treatment facility or individual therapist approved under s. RL 7.06. The credential holder shall arrange for the treatment facility or individual therapist to file a copy of its assessment with the board liaison or coordinator. The assessment shall include a statement describing the credential holder's prognosis for recovery. The board liaison and the credential holder may agree to waive this requirement.

(5) If a credential holder is determined to be ineligible for the procedure, the credential holder shall be referred to the division for prosecution.

(6) A credential holder determined to be ineligible for the procedure by the board liaison or the department may, within 10 days of notice of the determination, request the credentialing authority to review the adverse determination.

(c) Timely enroll and participate in a program for the treatment of chemical dependency conducted by a facility or individual therapist approved pursuant to s. RL 7.06.

(h) Notify the coordinator of any changes in the credential holder's employer within 5 days.

(i) File quarterly reports documenting the credential holder's attendance at meetings of self-help groups such as alcoholics anonymous or narcotics anonymous.

(2) If the board liaison or department determines, based on consultation with the person authorized to provide treatment to the credential holder or monitor the credential holder's enrollment or participation in the procedure, or monitor any drug screening requirements or restrictions on employment under sub. (1), that a credential holder participating in the procedure has failed to meet any of the requirements set under sub. (1), the board liaison may request that the board dismiss the credential holder from the procedure. The board shall review the complete record in making this determination. If the credential holder is dismissed the matter shall be referred to the division.

(3) If a credential holder violates the agreement and the board does not dismiss and refer the credential holder to the division, then a new admission under s. RL 7.05 (1) (a) shall be obtained for violations which are substantiated.

RL 7.07 (3) (a) or violated terms of the agreement in s. RL 7.04 (1) (b) to (e) and (h) concerning the credential holder's participation in the procedure to the employer, therapist or treatment facility identified by the credential holder and an agreement to authorize the coordinator to release the results of random monitored drug screens under par. (d) to the therapist identified by the credential holder.

(h) An agreement to participate in the procedure for a period of time as established by the board.

(2) The board liaison may include additional requirements for an individual credential holder, if the circumstances of the informal complaint or the credential holder's condition warrant additional safeguards.

(3) The board or board liaison may include a promise of confidentiality that all or certain records shall remain closed and not available for public inspection and copying.

(c) Facility treatment plans and protocols are available to the board liaison and coordinator.

(d) The facility has a random monitored drug screening program of blood or urine as part of its treatment, or if drug screens are not included, the facility personnel assigned to the care of the credential holder support such screens as an adjunct to the treatment they provide.

(e) The facility, through the credential holder's supervising therapist, agrees to file reports as required, including quarterly progress reports and immediate reports if a credential holder withdraws from therapy, submits a positive blood or urine screen, relapses, or is believed to be in an unsafe condition to practice.

(2) As an alternative to participation by means of a treatment facility, a credential holder may designate an individual therapist for the purpose of participation in the procedure. The board liaison shall approve an individual therapist who:
